

12,000 PERSONS PERISH IN ITALIAN EARTHQUAKE

SHOCK IS STRONGEST ROME HAS FELT IN MORE THAN A HUNDRED YEARS

TWENTY THOUSAND ARE INJURED IN THE TOWNS AND VILLAGES THAT ARE DESTROYED

Town of Avezzano Is Leveled to the Ground and Eight Thousand Residents Are Reported Killed—Earthquake Affects Territory Three Hundred Miles In Length—Great Damage Is Done In Capital.

ROME, Jan. 13.—Italy again has been visited by an earthquake of wide extent which according to late advices, has resulted in the death of 12,000 persons and injury to possibly 20,000 more in the towns and villages destroyed.

The shock was the strongest Rome has felt in more than a hundred years. The town of Avezzano in the Abruzzi Department, 63 miles east of Rome, has been leveled to the ground; here 8,000 persons are reported to have been killed. In many small towns surrounding Rome buildings were partially wrecked, while at Naples a panic occurred and houses fell at Caserta, a short distance to the east.

From below Naples in the south to Ferrara in the north a distance of more than 300 miles and across almost the width of the country the undulatory movement continued for a considerable period.

In Rome it was thought at first that two shocks had occurred, but the seismographic instruments in the observatory showed there was only one which, beginning at 7:55 o'clock in the morning, lasted from 22 to 30 seconds.

In the capital itself, so far as known there was no loss of life, but a great deal of damage was done, churches and statues suffering most. For a time the people were stricken with fear and there was a veritable panic in the hospitals, monasteries and convents.

The buildings on both sides of the Porta del Popolo, the north entrance to Rome, threaten to fall and the Eagle decorating the gate crashed to the ground. The obelisk in St. Peter's Square was shaken and badly damaged while the statue of St. John Lateran and the statues of the apostles surrounding the Basilica are in danger of collapsing. The famous colonnade decorating St. Peter's Square was lowered four feet while the adjacent house once occupied by the sisters of Pope Pius X., was badly cracked.

Owing to the wide extent of disturbance and its evident terrible consequence the actual effects of the earthquake are not at present known, owing to the cutting off of communications. The fortified city of Avezzano in this way been cut off but it is reported several villages in that region were destroyed. Likewise Potenza, capital of the province of the same name, on the eastern side of the Apennines which has a population of nearly 20,000 has been isolated. In 1857 this town was almost destroyed by an earthquake.

Father Alfani, director of the observatory at Valle di Pompei, the noted seismologist has sent the following telegram to Rome:

"The earthquake registered by our apparatus appears to have been most disastrous for a radius of more than 100 miles. Probably its center was the province of Potenza. Meanwhile communications with Potenza are interrupted and a grave disaster there is feared."

A despatch from Avezzano says the village of Aielli near Celano was destroyed and that severe damage was done along the Sulmona-Avezzano line.

Several persons were killed or injured at Trevi, province of Perugia. Two persons were killed in the electric station at Anferella.

One Thousand Die.

London, Jan. 14.—(4:05 a. m.)—One thousand persons have been killed and 500 injured by the earthquake which completely destroyed the small town of Aielli, to the east of Rome, according to a despatch to the Exchange Telegraph company. Magliano also was destroyed. In province of Avezzano, 40 persons were killed.

Report Great Loss of Life.

London, Jan. 14.—(6:50 a. m.)—Several of the morning newspapers report great loss of life in the earthquake zone.

The latest Rome despatch to the Times reports that eighty houses were destroyed in Rome. The despatch adds that telegrams received from the province announce further damage and additions to the death roll, especially at Trevi where the populace is camping in the fear of further shocks. It is feared that serious damage has been done to the department of The Abruzzi.

the shock was not felt there. Other special despatches say that owing to the breaking down of the telegraph and telephone lines it has been impossible to ascertain the exact results of the disturbances.

The Daily Telegraph's Rome correspondent declares the damage done was very great especially in the environs of Rome and the Abruzzi where he says some villages were destroyed. The correspondent adds that the number of victims has not been ascertained but that certainly there are thousands of them.

The Standard's Rome correspondent referring to the report that there were 800 victims at Avezzano, says that in all probability this report is exaggerated but that in any case the loss of life is appalling.

Avezzano, the town from which the greatest number of casualties have been reported as the result of the earthquake lies in the Province of Avezzano, in the Abruzzi department, sixty-three miles east of Rome and a short distance from the base of Mount Velino. It is an ancient town and had a population of some 10,000. One of the well preserved buildings there was the towered castle built by Gentile Virginio Orsini in 1490. Most of the towns in which damage has been done are situated virtually in the heart of Italy in a line running northeast and south east from Rome eastward toward the Adriatic Sea.

The country in the province of Rome and the department of The Abruzzi is mostly mountainous, but thickly populated. Numerous villages and towns dot the territory. Monte Rotondo has a population of 5,000. It was here in 1867 that Garibaldi defeated the papal forces. At Trevi, where one person is said to have been killed there is a population of some 14,000. It lies 18 miles northeast of Rome and retains many of the antiquities of the old Roman days, among them the temple of Tiberius and the Villa Atrium celebrated for the beauty of its architecture.

Zagarolo, Paliano, Veroli, Pereto, Poggio, and the other places where damage or fatalities are reported, are all small towns. Italy in past years has had numerous visitations from earthquakes in which thousands of persons have perished and from which millions of dollars of property damage have resulted.

It fell to the lot of Italy to suffer what probably was the greatest disaster from an earthquake that the world ever saw. This was in December, 1908, when in Sicily and Calabria 76,483 persons were killed, 95,470 injured and 1,100,000 made homeless. In this disturbance Messina, Santa Teresa, Scilla and Faro in Sicily and Reggio, San Lamezia, Galliciano, Palmi, Pellaio and Cannitello in Calabria were destroyed.

HOLD SHIPS; CHARGE PART OF CARGOES ARE CONTRABAND

Vancouver, B. C., Jan. 13.—The Japanese Steamer Mexico Maru of the Osaka Shosen Kaisha line and the American steamship Governor of the Pacific Coast Steamship Line have been detained here by the customs officials because part of the cargoes the vessels have taken on board are alleged to be contraband of war under the regulations promulgated from Ottawa.

Action against the Japanese liner was taken yesterday when her purser asked for a clearance, against the Governor was taken at noon today when her purser went to the customs house to clear.

Regarding the Mexico Maru, the authorities say her shipment from Vancouver for Japan include a consignment of lead, because some barbed wire and materials which figure in the list of commodities permitted by orders from Ottawa.

The detention of the Governor, it is understood, is on the ground that she has a shipment of hides from San Francisco and hides can be turned into leather. The shipping of hides to San Francisco has been a regular trade for years and this is the first case of interference with it.

GERMANS RECOVER SOME GROUND NEAR SOISSONS

BRING UP REINFORCEMENTS IN THE BATTLE IN THE AISNE VALLEY

Russians Resume Offensive in East Prussia and Try to Cross Nida River—Turks are Reported to Have Decided to Attempt an Invasion of Egypt.

London, Jan. 13.—(10:35 p. m.)—Battles large and small, all having bearing on the situation at widely scattered points in the war arid in Europe and Asia, are reported.

The Russians have resumed the offensive in east Prussia while the Germans continue to attack them in Poland, and they are again trying to cross the Nida river in southern Poland which is held by the Austrians. The battle which is creating the greatest interest however is that in the Aisne valley to the north-east of Soissons, where the French have been attacking the German entrenchments for a week. They succeeded in taking some important positions on Friday last and again on Sunday, but the Germans, bringing up reinforcements, recovered some of the lost ground. Otherwise the unfavorable weather has compelled the Germans and allies to confine themselves to artillery engagements.

The renewed activity of the Russians in east Prussia indicates that the freezing over of the lakes will be of some assistance in advancing through the territory defended by the Germans.

There is no recent account of the fighting in southern Poland and Galicia, but a Bucharest despatch says the Russians have begun an attack on the Austrian fortifications in the mountains which divide Bukovina, now in their possession, and Transylvania, and an attack on which is considered likely to bring Roumania into the war on the side of the allies. The Turks according to a Cairo despatch have decided at last to attempt an invasion of Egypt. In London little credence is given this report. It is not believed possible that troops can cross the desert which stretches eastward from the Suez canal and even if they conquered the waterless waste they would be so exhausted by the effort that the British forces in Egypt, it is confidently thought, could easily repel them.

Lewis Harcourt, secretary of state for the colonies addressing a gathering of Austrians today, said it was not likely the Austrians who were guarding Egypt, with New Zealanders, Indians and English territorial and regulars, would have much fighting to do there and that they soon would be in France.

An interesting statement was made by Baron Harding, vice-roy of India at the opening of the viceregal council today, as to the part the East Indians are playing in the war. He said that 200,000 of them had sailed from India to France, Egypt, East Africa and Mesopotamia. Those in Mesopotamia are advancing with the British troops on Bagdad.

CARRANZA WILL OPPOSE ENTRY OF JACK JOHNSON INTO MEXICO

El Paso Consul of "First Chief" Predicts That Admission Would Be Refused—Bout Would Increase Villa War Chest.

El Paso, Tex., Jan. 13.—The Carranza government will oppose the entry into Mexico of Jack Johnson, the American negro prize fighter, who is booked to meet Jess Willard in Juarez, on March 6th, according to predictions made today by Andres Garcia, the Carranza consul here.

Garcia telegraphed today to the "first chief" that Johnson was a fugitive from justice in the United States and suggested that he must presently recently issued American passports before he be allowed to pass through any port held by the Carranza forces.

Johnson at present is at Buenos Ayres, Argentina, or on his way north. He naturally would attempt to enter Mexico through the east coast ports of Tampico or Vera Cruz, both of which are held by the Carranza troops. The trip from some Central American border port would be difficult as would any entry from the west coast. The latter would require a hard ride over the mountains which might affect the condition of the negro.

Garcia's objections were based on his assertion that the Johnson-Willard match would increase the war chest of Villa, who is combating Carranza in the present Mexico controversy.

SHUGRUE BEATS CROSS.

New York, Jan. 13.—Joe Shugrue of Jersey City had the better of Leach Cross of this city in seven rounds of their 15 round bout here tonight, both light-weights fighting cleanly and cleverly. In the seventh round Cross was knocked down by a left over the heart after receiving a right on the jaw. Shugrue weighed 138 and Cross 141.2 pounds ring.

War News Summarized

Fighting of considerable intensity is being carried on in both the eastern and western theaters of war.

The Russian troops, resuming the offensive have made advances in east Prussia, according to a Russian official statement. It is asserted that the Germans have been repulsed in engagements near Rosog and that the Russians have occupied several villages, one of them strongly fortified.

The Russians also claim to have made advances to the southwest of Mlava, northern Russian Poland in the direction of Radzowna.

While this fighting is going on the Germans are continuing their attack on the Russian front in Poland. Petrograd reports that their latest attacks have been successfully repulsed. Attempts made by the Russian infantry to gain ground along the front of the lower Nida river southern Russian Poland have been repulsed with heavy losses, according to an Austrian official statement. Only minor engagements have taken place in Galicia and in the Carpathians, it is stated, weather conditions there being unfavorable for fighting.

In the western theatre the battle which has been waged for a week to the northeast of Soissons continues.

Here the French claim to have progressed slightly between Cuffies and Crouy but were unable to debouch from Crouy.

The latest French official statement admits that the allied troops have been forced to yield slightly near the village of Moncel after being subjected to a violent attack. The allies still occupy Moncel however.

Along the rest of the western front there have been no engagements of importance, it is reported.

The port authorities of Dover deny a report which has been current to the effect that two German submarines were fired upon and sunk by the coast batteries off that place.

The resignation of Count Von Berchthold, Austrian-Hungarian minister of foreign affairs is announced. It is reported that he has been succeeded by Baron Stephen Burian, minister of the royal court in the Hungarian cabinet. Count Von Berchthold was one of the main factors in the situation which led to the Austrian declaration of war on Serbia.

WILD DISORDER MARKS STATE SENATE SESSION

DEADLOCK OVER SPEAKERSHIP IN LOWER HOUSE CONTINUES

Embittered Political Factions in the Senate Riot to Hearts' Content Over Naming of Committee to Canvass Election Returns in Two Contested Districts.

Springfield, Ill., Jan. 13.—Scenes of the wildest disorder in the senate and a continued deadlock over the speakership in the lower house marked the session of the Illinois legislature today.

The embittered political factions in the senate, apparently primed for a contest to the last ditch over the appointment of a committee to canvass election returns, rioted to their hearts' content for almost an hour to the accompaniment of tumultuous cheering and jeering from the galleries, which were ordered cleared by Lieutenant Governor O'Hara.

The turmoil was not stilled until a motion to adjourn was reported carried. At times nearly all of the senators were on their feet, shouting at the top of their voices and gesticulating wildly; the lieutenant governor was vainly using his gavel; the clerk was trying to call the roll and the sergeant-at-arms was having poor success in keeping the members in their seats.

Spectators feared a physical clash between the Republicans and Democrats, so tense was the feeling. During the excitement Lieut. Governor O'Hara appointed an election committee, selected by the Democrats, to make a recount of the votes in the two contested Cook county districts, which are not represented.

The senate storm began to rage the moment the Lieutenant Governor's gavel called the chamber to order and it increased in violence.

With the body in greatest disorder the adjournment motion carried, it being understood that no further business will be attempted before next Tuesday night.

Previous to the convening of the afternoon session the Democratic senators held a caucus and struck from the personnel of the elections committee four of the Republican caucus choices. Immediately upon convening, Senator Dailey attempted to secure recognition from the presiding officer to present a protest. He was ignored and the lieutenant governor laid before the senate the list of members of the election committee. With Senator Dailey still seeking recognition Senator Canada of the Democratic side moved that the senate confirm the list of committee appointments as announced. The Republican side was in an uproar instantly. The previous question was moved by Senator Keller.

Lieut. Gov. O'Hara ordered a roll call on the motion, which prevailed. The appointments then were confirmed. Senator Dailey demanded recognition on a question of personal privilege but Lieut. Gov. O'Hara recognized Senator Al F. Gorman who offered a resolution and moved its adoption.

Senator Dailey was insistent and his cries of "Mr. President" were augmented by shouts all over the Republican side.

The chairman directed the secretary to read the Gorman resolution, whereupon Senator Dailey announced, above the din, that he desired to present, on behalf of the Republican side, a protest against the proceedings of last night. Lieut. Gov. O'Hara called upon the sergeant-at-arms to see that the senator was in his seat. That officer, William Fahey of Jerseyville, quickly took a position in front of the obstreperous senator's desk but made no effort to restrain him physically.

The hubbub increased. As Dailey roared, the Democratic senators raised a racket far above anything that had been previously heard whereupon Dailey went to the secretary's desk, mounted the seat placed in front for the use of pages and, flanked by a guard of his colleagues, including Senators Olson, Barr, Etzelson, Bailey and Landee resumed his reading of the protest.

O'Hara vainly pounded his desk. The sergeant-at-arms was active but powerless. The lieutenant governor then called upon Scouten, the senate messenger, as the last reserve and ordered him to see that all senators were in their seats.

Messenger Scouten's efforts were productive of results for Senator Dailey returned to his place on the Republican side still protected by his bodyguard of colleagues.

Senator Dailey finally concluded his reading and sank exhausted in his seat. The Republican side burst in resounding cheers which were taken up by the spectators in the crowded galleries which were ordered cleared.

Senator Canada undertook to effect an agreement that when adjournment was taken it should be understood that no business would be transacted before next Tuesday night. Senator Barr offered a motion providing that no other amendment providing that no other

WHEAT SCORES DIZZY HEIGHTS ON CHICAGO BOARD OF TRADE

Sells at \$1.41 and Closes at \$1.40 3-4—May Option Perches Near the Top Rungs of the Price Ladder.

Chicago, Jan. 13.—Wheat scored dizzy heights selling at \$1.41 on the board of trade today and closing at \$1.40 3-4, only one cent under the uppermost record made since the war began. Throughout the session the May option perched near the top rungs of the price ladder while immense new export sales were effected and the bulls had almost undisputed control of the turbulent pit in which speculative dealings went on. Competition by millers with exporters appeared to be largely responsible for the impetus which since Monday has whirled prices up 7 1-2 cents a bushel from the collapse brought about by sensational stories that the Turkish grip on the Dardanelles had been smashed. It was said today that the Dardanelles, which are 120 miles long, are heavily mined from end to end and that even if the passage was forced the scarcity of available vessels and the virtual certainty of almost prohibitive war risks would still remain, not to mention winter conditions on the Black Sea.

Frozen chicken was added today to the extent of hundreds of thousands of pounds to the list of foodstuffs being bargained for in Chicago to be shipped to Europe. It was said one and one-half million pounds had been sold to England alone. Incidentally, fresh eggs were retailing in Chicago today as high as 45 cents a dozen.

NAVAL COMMITTEE AGREES ON BUILDING TWO DREADNAUGHTS

Appropriation Bill Carries \$445,500,000 of Which \$22,500,000 Is for New Construction.

Washington, Jan. 1.—Provision for the construction of two great dreadnaughts, six torpedo boat destroyers, sixteen coast defense submarines, a seagoing submarine, a hospital ship, a transport and a fuel ship at an aggregate cost of \$53,168,828 is made in the naval appropriation bill as agreed upon today by the house naval committee.

All told the bill carries \$143,500,000 of which \$22,500,000 is directly appropriated for new construction.

While the construction program falls far below the plans urged by Representative Hobson and other advocates of a larger navy it includes the two battleships asked by Secretary Daniels and provides for more auxiliaries than the secretary had contemplated.

Chairman Padgett protested that the committee was "running wild with appropriations."

ASSIGNS JUDGE HUMPHREY.

Springfield, Ill., Jan. 13.—Federal Judge J. Otis Humphrey today was assigned by Chief Justice Edward D. White of the United States supreme court to occupy the bench of the southern district of New York from February 15th until such time as the docket here may require his services.

senate until the ballots are recounted in the eleventh and twenty-third senatorial districts. There was a road of protest from the Democratic side.

Lieut. Gov. O'Hara said that any protest couched in respectful language would be received, whereupon Senator Dailey attempted once more to get his protest in the record.

The question as to whether the protest was worded in a manner fitting the dignity of the senate was cause for another wrangle. Then the chair suggested that the protest be read. Then the appointment by the chair of a committee of three to examine the document and determine whether it was respectfully worded was moved.

An altercation followed and then came the motion to adjourn.

The senate committee on elections met immediately after the afternoon session and decided to proceed at once to a recount of ballots in the eleventh and twenty-third senatorial districts where vacancies exist because of the refusal of Governor Dunne to issue certificates of election in case of contests. There was some discussion of the proposal of having one sub-committee take care of both contest recounts but on motion of Senator Piercy, it was voted to create two sub-committees, each to consist of three Democrats and two Republicans and each to take charge of a contest.

The six ballots taken by the house today, four this morning and two this afternoon showed no indication of a break in the speakership deadlock.

Today's ballots made a total of fifteen. Walter M. Provine of Taylorville was high man on each ballot with 23 votes. Lee O'Neill Browne was the leading Democrat, his vote ranging from 25 to 29.

Persistent stories circulated today to the effect that Provine is about to withdraw from the race owing to night. Senator Barr offered a motion providing that no other amendment providing that no other

CATTLE DISEASE FIGHT IS NATIONAL PROBLEM

DUNNE PETITIONS WILSON TO HAVE FEDERAL GOV'T TAKE CHARGE

Urges Congress to Place Whole Responsibility in Hands of Bureau of Animal Industry—Legislators Will Consider Question at Conference Today.

Springfield, Ill., Jan. 13.—Asserting the eradication of hoof and mouth disease is more a national than a state problem, Governor Dunne in a letter today to President Wilson urged that congress during its present session place the whole responsibility in the hands of the bureau of animal industry and make "adequate appropriations to enable it to effectually exterminate this wide-spread scourge."

The governor said that despite the harmony and vigor of federal and state efforts to wipe out the disease in this state it still existed in about twenty herds.

He said he feared there may be a lack of co-ordination among the many states and for the good of the nation, the government should assume control.

Governor Dunne made his recommendation after receiving a report from O. E. Dyson, state veterinarian who with the livestock commission has been fighting the disease in Illinois.

"The hoof and mouth disease has declared war on sixteen states," Governor Dunne declared in his letter to the president. "By reason of the geographical location of this state and the fact that it contains two of the largest livestock markets in the world, at Chicago and East St. Louis, there has been sent into this state the cattle first infected. There is a strong possibility that other infected cattle from other states will be shipped into this state, further endangering its livestock industry."

"I am advised by both federal and state veterinarians that to stop this scourge the only effective measure is the absolute destruction of infected herds. This entails enormous losses upon owners. As a last resort measure are adopted not only for the protection of the livestock industry of Illinois but of the whole United States it follows inevitably that the federal government should assume the whole responsibility for carrying on the defensive war against this contagion."

"If only one half of the fish is left to the states affected or which may be effected there will be a lack of co-ordination. I respectfully suggest steps be taken at the present session of congress to place the whole matter in the hands of the bureau of animal industry and that adequate appropriations be made to enable it to quickly exterminate this widespread scourge."

Dr. Dyson in his report asserted that owing to the dependency of the states upon federal authorities to prevent the invasion of the disease no single or several states should be called upon to bear the burden of protection of the livestock interests within the United States.

"In the event of a failure of sufficient funds to compensate owners for slaughtered stock, the efforts being made to eradicate the disease must cease," Dr. Dyson warned. "The failure of any state to eradicate hoof and mouth disease within the next few months virtually means the infection will become as firmly established in this nation as it has been in the old world for many decades. The outcome would be the paralyzing of the livestock industry of the United States. Therefore I am convinced the federal government should assume the economic burden of wiping out the disease."

Representative Homer J. Tice of Greenville has called a conference for tomorrow of members of the legislature in whose districts the disease has made its appearance. The legislators will consider what can be done further to remove the infection and the appropriation necessary to defray expenses of the campaign against the disease.

Lift Quarantine in Many Counties.

Washington, Jan. 13.—Lifting of the livestock foot and mouth disease quarantine in many counties of Indiana, Kentucky, and New York was announced late today by the department of agriculture. In Iowa the portion of Clinton county within a radius of five miles of any infected farm or premises is made closed area. The closed areas in the counties of Cedar, Iowa, Jackson and Jones are made inclosed areas.

BEGINS CAMPAIGN IN EARNEST.

Washington, Jan. 13.—Official advices reaching the United States government from Mexico today indicate that General Villa in command of all the forces of the Gutierrez government has begun in earnest the campaign which he hopes will force the Carranza faction to capitulate. Eight thousand men under the command of General Angeles have been despatched by Villa to reinforce his columns and attack Tampico. They are moving through San Luis Potosi today according to con-

THE DAY.

(The author of this poem is a railway porter at Bath, England, and is known to his comrades as the "Bath Railway Poet." A poem such as this lifts him to the rank of a national poet.)

You boasted the Day, and you toasted the Day.

And now the Day has come.
Blasphemer, braggart and coward all,
Little you reck of the numbing ball,
The blasting shell, or the "white arm's" fall.

As they speed poor humans home.

You spied for the Day, you lied for the Day.

And woke the Day's red spleen.
Monster, who asked God's aid divine,
Then strewed His seas with the ghastly mine.

Not all the waters of all the Rhine
Can wash thy foul hands clean.

You dreamed for the Day, you schemed for the Day.

Watch how the Day will go.
Slayer of age and youth and prime
(Defenceless slain for never a crime)

Thou art steeped in blood as a hog in slime,
False friend and cowardly foe.

You have sown for the Day, you have grown for the Day.

Yours is the harvest red.
Can you hear the groans and the awful cries?
Can you see the heap of slain that lies.

And sightless turned to the flames split skies
The glassy eyes of the dead?

You have wronged for the Day you have longed for the Day

That lit the awful flame.
'Tis nothing to you that bill and plain
Yield sheaves of dead men amid the grain.

That widows mourn for their loved ones slain,
And mothers curse they name.

But after the Day there's a price to pay

For the sleepers under the sod.
And Him you have mocked for many a day—
Listen, and hear what He has to say.

"Vengeance is mine, I will repay".

E. church for it witnessed the payment of the last dollar of their \$10,000 pledge to the building fund of the church, the making of the note given and the burning of a pledge of \$2,000 toward the payment of the remaining debt of \$10,000 on the new church building.

Six years ago the ladies undertook the work and the aid society was divided into eighteen groups with the following respective leaders: Mrs. J. P. Berry, Mrs. S. W. Black, Mrs. Wm. B. Brown, Mrs. A. T. Capps, Mrs. C. C. Capps, Miss Louise Cappe, Mrs. J. R. Davis, Mrs. L. A. Frost, Miss Alma Gillett, Mrs. H. J. Griswold, Mrs. Nelson McMurphy, Mrs. R. S. Nelson, Mrs. J. B. Porter, Miss Nettie Orear, Mrs. J. J. Reeve, Mrs. F. H. Rowe, Miss Alice Wadsworth, Mrs. John N. Ward.

Each group undertook to secure its part and all did it and in addition it was reported that for the past ten years the average amount raised by the ladies has been \$1523.

The services began last evening with devotional exercises with the president, Mrs. Belle Short Lambert in the chair and after that part of the program came reports of officers which were encouraging. Miss Alice Wadsworth read the secretary's report and Mrs. Pittner the treasurer's. In addition to raising the ten thousand the ladies had a good balance in the treasury. Mrs. Lambert then remarked that when the work was undertaken a little girl, Miss Millicent Rowe, recited some very appropriate verses and she would ask the same person to repeat them on the present occasion. Then Miss Rowe, the "little girl" of six years ago gave these lines:

The Ladies' Aid.
We've put a fine addition on this good old church at home,
It's just the latest idea with gallery and dome.

It seats a thousand people, finest church in all the town,
And when 'twas dedicated why we put ten thousand down.

That is, we paid four thousand, every deacon did his best,
And the ladies' aid society, it promised all the rest.

We've got an organ in the church, very finest in the land,
It's got a thousand pipes or more, its melody is grand.

And when we sit on cushioned pews and hear the master play
It carries us to realms of bliss unnumbered miles away.

It cost a cool three thousand and its the hardest test,
We'll pay a thousand on it and the ladies' aid the rest.

They'll give a hundred sociables, bake a thousand angel cakes,
They'll beg and scrape and toil and sweat for seven years or more
And then they'll start all over again for a carpet on the floor.

No it isn't just like digging out the money from your vest
When the ladies' aid gets busy and says we'll pay the rest.

Of course we're proud of our big church from pulpit up to spire,
It is the pride of all our hearts, the crown of our desire.

But when I see the sisters work to arise the cash that lacks
I somehow feel the church is built on women's tired backs.

And sometimes I can't help thinking when we reach the regions blest,
The men will get the toil and sweat and the ladies get the rest.

An encore was demanded and Miss Rowe gave a selection describing a scene "in southern dialect which was finely done.

The Est \$200 of the \$10,000 was handed Judge Orear, church treasurer and in a rose colored candle Mrs. Lambert then burned the \$10,000 note the ladies had given. She said the eighteen ladies, heads of the circles mentioned, had met and disbanded and Mrs. A. T. Capps was called on to explain the plans discussed for future work. It had been thought best to reorganize with fewer divisions and also to take measures to do the part toward helping raise the remaining \$10,000 due on the church. It was deemed best to undertake \$2,000 of the amount by the ladies. This was adopted by a unanimous rising vote.

Mrs. Lambert especially emphasized the fact that all the ladies had done had been a labor of love and not of toil. Mrs. Pittner said they would be able to pay something down and moved that \$150 of the \$2,000 be paid at once and it was carried and the doxology was sung with a will.

Mrs. A. T. Capps moved there be a new grouping into six bodies the heads to be appointed by the executive committee of the ladies' aid society. Carried.

Mrs. J. B. Johnson then sang in an accomplished manner Washington Gladden's beautiful hymn, "O Master! let me walk with Thee."

Miss Ida Lee, corresponding secretary, then told of the nearly 100 letters she had written in her capacity.

Mrs. J. N. Ward, chairman of the nominating committee, then read the report of that body stating that it was with regret that Mrs. Lambert forego the services of Mrs. Lambert in the future owing to the pressure of her other duties.

New Officers Chosen.
The report was as follows:
Officers for the Pastor's Aid society.

President—Mrs. F. H. Rowe.
First vice president—Mrs. A. T. Capps.
Second vice president—Miss Nettie Orear.
Treasurer—Mrs. J. B. Johnson.
Recording secretary—Miss Alice Wadsworth.
Corresponding secretary—Miss Ida Lee.

In a beautiful address with fitting words of appreciation, Mrs. J. W. Miller, on behalf of the society, presented Mrs. Lambert a beautiful Elgin gold watch.

Although taken wholly by surprise Mrs. Lambert was equal to the occasion and expressed her thanks in a feeling manner.

Rev. J. W. Miller, the pastor, was then called on and spoke briefly paying a noble tribute to the work of the ladies in every charge over which he had labored during the past 25 years. His first work had the building of a church to do and the ladies there were his best help and it was ever thus and none had ever done better than the ladies of Grace church. He was sure they would readily raise the \$1,500, yet due on the last pledge.

The exercises were closed with singing and a social hour followed during which refreshments were served.

Organization in the wards, its
purpose, the benefits to be derived
thereby and the possibilities in the
playground idea as applied to the
schools of Jacksonville was the
theme of an address Wednesday
afternoon by Supt. Charles E. Col-
lins to the Parent-Teachers' associa-
tion of the second ward. To sup-
ply in the wards the place filled by
the new gymnasium for the seventh
and eighth grades and the high
schools, the respective playgrounds
are to be developed and the children
given the opportunity of instruction
for organized play. The work will
be in charge of both ward and cen-
tral teachers and in no case will be
compulsory either on the part of
teacher or pupil.

The meeting was called to order
at 2:30 o'clock with Mrs. W. T. Wil-
son in the chair. Mrs. Thomas Har-
ber gave two solos entitled "Already"
by Margaret Lang and "Memory"
by Rosalind Clark. She was ac-
companied by Miss Edith Hillieroy.
After the address by Supt. Collins
a social hour was spent, followed
by an inspection by the visitors of
the work done by the children of
the second ward in the domestic
science and manual training depart-
ments.

Mr. Collins mentioned the increas-
ed extent to which the school is as-
suming church and family functions,
defined organization, and examined
in brief the methods followed in the
seventh and eighth grades and in
the high school. The teaching of
self-government as rapidly as pupils
are ready for it was mentioned as a
cardinal object. The training afford-
ed in meetings, in gymnastic and in
journalistic work, will when fully
inaugurated give opportunity to
teachers to meet students in other
capacities than as teachers and to
give them an opportunity to know
the ability of the students outside
of the class room. The plan, besides
giving increased opportunities for
physical development, will tend to
show students the moral, physical
and intellectual bearings of their
activities and make way for propor-
tional well-rounded development.

of Commerce of the Borough of
Queens. W. Morgan Shuster, form-
er Treasurer General of Persia will
also attend. "Optimism and Prosper-
ity" will be the subject of the
evening.

The public will have a chance to
quiz Mayor Mitchell on his adminis-
tration, at an "accounting" meeting
tomorrow night. The president of
the Board of Aldermen, the Police
Commissioner and the Comptroller

attempt to bring the administration
face to face with the public it serves.

Opportunities for Physical, Mental

Fian Subject of Address at Meet-
ing of 2nd Ward Parent-Teachers.

Organization in the wards, its
purpose, the benefits to be derived
thereby and the possibilities in the
playground idea as applied to the
schools of Jacksonville was the
theme of an address Wednesday
afternoon by Supt. Charles E. Col-
lins to the Parent-Teachers' associa-
tion of the second ward. To sup-
ply in the wards the place filled by
the new gymnasium for the seventh
and eighth grades and the high
schools, the respective playgrounds
are to be developed and the children
given the opportunity of instruction
for organized play. The work will
be in charge of both ward and cen-
tral teachers and in no case will be
compulsory either on the part of
teacher or pupil.

The meeting was called to order
at 2:30 o'clock with Mrs. W. T. Wil-
son in the chair. Mrs. Thomas Har-
ber gave two solos entitled "Already"
by Margaret Lang and "Memory"
by Rosalind Clark. She was ac-
companied by Miss Edith Hillieroy.
After the address by Supt. Collins
a social hour was spent, followed
by an inspection by the visitors of
the work done by the children of
the second ward in the domestic
science and manual training depart-
ments.

Mr. Collins mentioned the increas-
ed extent to which the school is as-
suming church and family functions,
defined organization, and examined
in brief the methods followed in the
seventh and eighth grades and in
the high school. The teaching of
self-government as rapidly as pupils
are ready for it was mentioned as a
cardinal object. The training afford-
ed in meetings, in gymnastic and in
journalistic work, will when fully
inaugurated give opportunity to
teachers to meet students in other
capacities than as teachers and to
give them an opportunity to know
the ability of the students outside
of the class room. The plan, besides
giving increased opportunities for
physical development, will tend to
show students the moral, physical
and intellectual bearings of their
activities and make way for propor-
tional well-rounded development.

SEN. BORAH ATTACKS WILSON'S RECENT SPEECH

DELIVERS GENERAL BROAD-
SIDE AGAINST ADMINISTRA-
TION.

Cummins Voices Wish That Presi-
dent Could Be Confined to the
Exercise of His Constitutional
Powers—Williams Declares Wil-
son Will Be Re-nominated and
Re-elected.

Washington, Jan. 13.—In a stir-
ring debate today the senate heard
sharp Republican attacks upon
President Wilson's recent Indiana-
polis speech, criticism of the admi-
nistration's policy toward Mexico
and denunciation of Democratic leg-
islation, followed by warm defense
of the president by Democratic
leaders and a prediction of his re-
nomination and re-election.

Political discussion was precipi-
tated over Senator Cummins' resolu-
tion requesting information from
the president as to what the govern-
ment's policy was toward Mexico
during the American occupation of Vera Cruz.
The resolution did not get to a
vote. In the course of the discus-
sion Senator John Sharp Williams
of Mississippi declared with empha-
sis that President Wilson would be
"re-nominated and re-elected";
Senator Borah of Idaho was referred
to as a Republican presidential
possibility and Senator Cummins of
Iowa voiced the wish that Presi-
dent Wilson could be confined to the
exercise of his constitutional pow-
ers.

Senator Borah delivered a gener-
al broadside against the administra-
tion which reached a climax in an
attack on the chief executive's
speech at Indianapolis last week
with particular reference to the
president's warning to "men, who
should dare to break the solidarity
of the Democratic team for any pur-
pose or from any motive."

The Idaho senator denounced this
statement, comparing it with the
"sole and central principle upon
which any corrupt political machine
was ever organized or put into ex-
istence."

He declared it was like the utter-
ances of "Tom Taggart of Indiana,
to his followers, eighty of whom
pleaded guilty yesterday to the
crime of political corruption" and
the "orders issued by Murphy to
his satellites in Tammany Hall to
follow the dictate of the captain re-
gardless of the dictates of conscience
or judgment."

"It is a remarkable speech",
Senator Borah continued. "Its pur-
pose and purport cannot be mis-
taken or misunderstood. It is a most
vicious attack upon one of the
great political parties of this coun-
try by the Chief Magistrate of the
nation, a party in whose traditions
many millions of his countrymen
take great pride and in whose poli-
cies they devoutly and patriotically
believe. It not only challenges the
wisdom of its leaders but it assails
the intelligence and patriotism of
the rank and file. All this done at
a time when our country has sore
need of united wisdom and patri-
otism, when the American people re-
gardless of party long have shown
patience and forbearance and have
long tendered support in order that
a situation most delicate because
of foreign complications might not
be aggravated."

"The people were not prepared
for such a speech at such a time."
"Mr. President, we accept the
challenge. While opposing no leg-
islation which we deem to be wise
and for the public good, we will
hold ourselves perfectly free to op-
pose in all proper ways and to the
full extent of our ability that which
we deem to be unwise. Under-
standing that our chief magistrate
prefers the lone party to a chief
magistracy of an entire people we
shall not need to be reminded of
that fact again."

Senator Borah appealed for an
extra session of congress next spring
in which to pass rural credits leg-
islation which he insisted was vastly
more important than the ship pur-
chase bill. The federal reserve act,
he characterized as "a sort of ante-
diluvian mastodon too dead for a
menagerie and too much alive for
the operating table, designed for the
treasury but seemingly on its way
to the Smithsonian institution."

Referring to the outlook after
1916 the senator said that the cry
of the campaign would not be for
new ideas but for bread; not for
more rhetoric, but for more soup.

DEATH IN FIGURES IS PARADED BEFORE ARBITRATION BOARD

Testimony Bears Almost Exclusively
on the Death Rate of Engineers
as Compared With Other Workers.

Chicago, Jan. 13.—The figure of
death—in figures—was paraded to-
day before members of the arbitra-
tion board which is hearing testi-
mony bearing on the demands of
Western Locomotive engineers and
firemen for higher wages.

Testimony bore almost exclusiv-
ely on the death rate of the engin-
eers as compared with other work-
ers.

The principal witness was Dr.
Henry J. Harris, a statistician of the
library of congress at Washington,
and introduced by Warren S. Stone,
of the engineers as one of the world's
leading authorities on the subject.
Stone examined him on statistics re-
lating to engineers, W. S. Carter of
the firemen, on those dealing with
the latter, while cross-examination
was by James Sheehan, attorney for
the railroads.

CONVENTION RE-NAMES GUTIERREZ AS PROVISIONAL PRESIDENT

Will Serve Out the Unexpired Term
of Gen. Diaz—Is Said to Have the
Full Support of Villa.

Mexico, City, Jan. 13.—via El
Paso, Tex., Jan. 13.—It was re-
ported that the national convention has
renamed General Gutierrez as provi-
sional president of Mexico. General
Gutierrez will serve out the unexpi-
red term of General Diaz which would
terminate in November, 1916.

Has Support of Villa.

El Paso, Jan. 13.—The re-ap-
pointment of General Gutierrez as pro-
visional president of Mexico by the
national convention is understood to
have the full support of General
Francisco Villa and his northern
troops. It's acceptance however, by
the followers of Zapata, the south-
ern chieftain was held in doubt by
well informed officials here. Gutier-
rez, it was understood would serve
out the unexpired term of President
Diaz which had been interrupted by
the Madero revolution. President
Madero began to serve out the Diaz
term when his death occurred inci-
dental to the Felix Diaz-Huerta up-
rising.

Gutierrez thus would become the
third president to attempt to com-
plete a single six year term of of-
fice.

PROSPECTS FOR PROHIBITION IN DISTRICT OF COLUMBIA DIMMED

WASHINGTON, Jan. 13.—Pros-
pects of a prohibition rider being
attached to the pending District of
Columbia appropriation bill were
dimmed today when the senate vot-
ed 41 to 34 that a two thirds ma-
jority should be required to suspend
the rules of that body. A vote prob-
ably will be taken tomorrow on Sen-
ator Shepard's motion to suspend
the rules to consider the district
prohibition amendment.

Senator Stone warned the Repub-
licans that if they supported the pro-
posal to suspend rules by simply ma-
jority vote they could not complain
if that precedent were invoked later
in the session.

LINDSAY'S POEMS PLEASE.

Many Hear Springfield Author In-
terpret Own Works.

Nicholas Vachel Lindsay, the poet
not only of Springfield but of the
Middle West and of the American
democracy, was at his best last even-
ing, if the feelings and impressions
of the overflowing audience at the
library may be accepted as a just
criticism. To one who has made the
acquaintance of Mr. Lindsay through
the printed page only "the half has
not been told" as the vigor of his
voice, the variation in accent and
expression, equally effective in the
bass of the Congo forest and the
falsetto whisper of moonbeams or
evening dew, give to the poems an
unsuspected richness and depth of
meaning.

Beginning with "The Congo" Mr.
Lindsay passed lightly to the "The
Potato's Dance" and continued with
"The Building of Springfield" and
the "Santa Fe Trail." He gave
"How a Little Girl Sang" an eulogy
to John P. Altgeld and closed the
evening so much enjoyed with the
well-known "General William Booth
Enters into Heaven."

Born Wednesday morning to Mr.
and Mrs. D. M. Keating, a son.

OLD JACKSONVILLE

THE REVEREND ANDREW TODD AND
THE "OLD SCHOOL" CHURCH
(Ensley Moore, member Ill. nois State Historical Society.)

The Reverend Andrew Todd was one of the gentlest spirited and kindest men that ever presided over a church in Jacksonville. Mr. Todd was born January 13th, 1830, at Paris, Bourbon county, Kentucky. He was the son of Andrew Todd, an eminent physician, whose death occurred in May, 1816. This Dr. Todd was a surgeon in our Revolutionary war, a gentleman of high attainments in his profession, of ardent patriotism and deep piety. Rev. Andrew Todd; grandfather was Rev. John Todd of Louisa county, Virginia, a Presbyterian minister of high character and education. His mother was a woman of common piety. Mr. Todd's collegiate education was at Washington and Jefferson colleges, Washington county, Pennsylvania. He was graduated in 1851. He united with the Presbyterian church at the age of eighteen. After being graduated he spent one year in the study of medicine. He entered Princeton Seminary in 1851, and passed through the entire course. He was licensed by the New Brunswick Presbytery, April 26, 1851. Dismissed to the Presbytery of Ebenezer, January 30, 1852. Ordained by that Presbytery July 25, 1852. He married Miss Catherine Wilson August 26, 1852, at Washington, Pa. He was installed pastor of Cherry Spring and Hope-well churches, Kentucky, in February, 1854. Dismissed April 8th, 1856. Then at Flemingsburg, Ky., 1856. Released October 4, 1858. He became pastor at Jacksonville, Ill. in the autumn of 1858, this relation continuing until September 2, 1859. About a year previous to this, owing to ill health, he wished to resign this pastorate, but was given leave of absence instead and went to Monticello, Fla., where he died at a suburb called Casa Bianca, September 2, 1859, of bronchial consumption. His ministry was marked by revivals. The Presbyterian Herald said of him in October, 1859: "We have known him from our earliest recollection, and can truly say that we have never known a more unblemished character than his. His distinguishing characteristics were strong common sense, ardent and devoted piety, and universal good will to all his fellow men." He left two children, one of whom is Mrs. Belle T. Waugh, wife of Rev. Joseph Waugh, Ph. D., of Washington, Pa.

His active ministry at Jacksonville, Ill. continued eleven years, during which 182 souls were added to his church.

A remarkable feature of Mr. Todd's life was his invention of a stove which could be made airtight and is known as the "Todd Stove". It was of barrel shape longitudinally, made of sheet iron, with cast iron ends. It was a remarkably fine heater, yet very economical of fuel—wood being used in it. By reason of its construction it would hold fire a long time, and was a great improvement on stoves previously in use. From this stove have come many modifications of shape and style, even to this day, the present style being known as the "Twilight" stove.

Mr. Todd was pastor of the old school, part of the Presbyterian church of Jacksonville, which as stated last week in the Journal, was organized June 30, 1827. It was first known as the Presbyterian church of Morgan county, and afterwards as the Presbyterian church of Jacksonville. In 1838 occurred the schism in the Presbyterian church resulting in two general assemblies, known as the new school and the old school. One organization in Jacksonville retained the old name, Presbyterian church of Jacksonville, until the year 1870, when upon the reunion of the two assemblies, it took the name of the Central Presbyterian church. This church was found after the division to embrace forty-two members, and the Rev. Andrew Todd was its first pastor. They worshipped first for a few months in a frame building which stood on the north end of the lot on which the Park Hotel now stands, the use of which was given by Governor Duncan. Afterwards the Congregational church edifice was secured at a nominal rent. This building stood where Trade Palace now stands. In the meantime preparations were made for the erection of a sanctuary for themselves, and in the year 1840, about two years after the division of the church, the frame building on West State street was completed—the lot having been donated by Col. John J. Hardin. This

building stood a little east of opposite the present Journal office, was one story in height, painted white, facing south to State street, and had four Greek pillars supporting the projecting front end. In this edifice the congregation worshipped for nearly thirty years, leaving it only a few months before entering the lecture room of the new Central church building, in 1871. This Central church building bearing the date of 1874, was built during the pastorate of the Rev. W. W. Harsha, D. D., and is now occupied by the Baptist church, at the Northwest corner of State and Church streets.

After Mr. Todd's pastorate, ending in 1849, a call was given to Rev. J. V. Dodge. He continued his labors four years and a half from the autumn of 1850 to the spring of 1855, when the pastoral relation was dissolved.

After the resignation of Mr. Dodge, Rev. John H. Brown, D. D., acted as stated supply for one year, then going to Springfield. From September, 1856 until the following spring, the pulpit was supplied briefly by Dr. Bergen of Springfield. In 1857 the Rev. R. W. Allen, formerly pastor of the Pisgah church of Kentucky, took charge of the Jacksonville church, as stated supply, having received a unanimous call to the pastorate. Dr. Allen was installed Dec. 5, 1858, and continued in the office of pastor until May 5, 1867.

After Dr. Allen's resignation the church was without a pastor for two years, depending upon transient supplies, with the exception of six months, when they enjoyed the efficient labors of Rev. R. J. L. Matthews, formerly of Vandalia, Ill.

In May, 1869, the Rev. W. W. Harsha, D. D., was called from the South Presbyterian church of Chicago, and entered upon a long pastorate ending in July, 1884.

In the thirty-eight years ending in 1876, six hundred and eighty-eight persons connected themselves with the church. Of these, three hundred and forty-two were converted through the instrumentality of this church.

Prior to the division in 1838, the elders were as follows: Wm. C. Posey, John Leeper, James Kerr, Hector G. Taylor, James G. Edwards, David B. Ayers, M. M. L. Reed, James Mears, James Craig, Daniel C. Pierson, John Adams and Edward Hale.

After the division in 1838, the following were chosen elders: John M. Hill, Robert Brown, Jas. M. Duncan, Stephen M. McClain, Thos. White, Dr. Owen M. Long, Robert Officer, Thos. Officer, Dr. Nathaniel English, Steven Sutton, Wm. Storcer, J. V. D. Stout, Dr. J. V. D. Gaddis, Valentine McCormick, John A. Russell, Elliott Stevenson, Thos. G. Taylor and Joseph N. Taylor. This brings the record down to about 1874.

As stated above, Dr. Harsha gave up his pastorate in July, 1884, and soon after that year, the Rev. A. B. Morey, of Cincinnati, Ohio, accepted a call as pastor of Central Presbyterian church.

The first Presbyterian church building, on the lot where the Journal office now is, was burned in the fall of 1883. Upon this occurrence, the people of Central church invited their homeless brethren to worship with them. At that time Dr. Harsha was pastor of Central church; and the Rev. J. R. Sutherland, pastor of the First church, bought the lot at the northeast corner of State and Church streets, and built the handsome edifice now standing at that point.

Meantime Drs. Harsha and Sutherland both resigned, and Dr. Morey came to the Central church. Soon a movement was started to unite the two congregations, which was done, and in 1885 the united congregations, under the name of the State Street Presbyterian church took possession of the new building, directly east of the Central building, with Dr. Morey as pastor.

A number of the Central people declined to go into the new organization, held on to their building, and were organized by Presbytery into the Jacksonville Presbyterian church. It ran for a few years, when it was dissolved, and the Central church building was sold to the First Baptist society, which now occupies it. The remaining members went into Westminster, the Methodist, the Congregational, the Methodist, the Episcopal and perhaps other churches.

AUSTRIAN FOREIGN MINISTER RESIGNS

WILL BE SUCCEEDED BY HUNGARIAN CABINET MEMBER

Emperor Grants Count Von Berchtold's Request to Resign—Was One of Main Factors in Situation Which Led to Declaration of War on Serbia.

Vienna, Jan. 13.—(via London, 8:15 p. m.)—Count Leopold Von Berchtold, Austrian foreign minister has resigned and his resignation has been accepted according to the Vienna Fremdenblatt. Count von Berchtold will be succeeded by Baron Stephan Burian von Rajecz, minister of the royal court in the Hungarian cabinet.

Count Von Berchtold was one of the main factors in the situation which led to the Austrian declaration of war on Serbia, which in turn, precipitated the European war. As a foreign minister, Count von Berchtold was largely responsible for formulating the policy which resulted in the declaration of war on Serbia. On several occasions recently it has been reported unofficially that he would resign. The appointment of a Hungarian to succeed him in control of Austrian foreign affairs is believed to indicate that henceforth Hungary will assume a more prominent place in shaping the policy of the dual monarchy during the war.

Berlin, Jan. 13.—by wireless to Sayville, L. I.—A statement issued by the official press bureau today said:

"The Austrian emperor has agreed to the renewed demand that he accept the resignation of Count Von Berchtold, the minister of foreign affairs, which was tendered for important personal reasons."

"Count Von Berchtold's successor has been appointed. He is the Hungarian minister to the Royal court, Baron Stephan Burian, a son-in-law of General Baron Fejervary, ex-premier of Hungary. Baron Burian was formerly minister of finance and chief of the administration in Bosnia and Herzegovina. The change in the Austrian premiership came unexpectedly."

FRENCH SOCIALISTS DEMAND LESS RIGID CENSORSHIP ON NEWS

PARIS, Jan. 13.—(4:15 p. m.)—A less rigid censorship on news is demanded in resolutions adopted today by the Socialist groups in parliament. The resolution call upon the government to furnish news as fully as possible. The only limitations that should be imposed, it is said, are those concerning information which might work to the detriment of military operations and diplomatic negotiations.

The resolutions state that the duty of the press in this connection is well understood. They call upon the government to respect public opinion and preserve the people of the liberty of the press.

DEATH OF JAMES MONROE BARDEN.

Word has been received of the death, last month, of James Monroe Barden, at Angels Camp, California.

Mr. Barden lived here for many years, being the son of H. Barden, a printer and publisher of the Journal during part of the War days. The Bardens lived for years in the house next east of the brick Baptist church on West State street, where the Scott Block now is, and they were attendants of that church. A sister of Mr. H. Barden married Mr. Joseph B. Williamson, the grocer.

J. M. Barden grew up here, and became a clerk for Kibbe & Lathrop, under the Park hotel, and for J. W. Lathrop. He probably clerked for others here. Mr. Barden married Miss Cornelia Mitchell, of Naples, sister of Harry Mitchell, well known here. It is likely they first went to Florida, after leaving Jacksonville somewhere about 1870. They lived in Galesburg, and kept a hotel in Rushville, and finally landed out in California.

They had two children, a son and daughter. The son, named Harry, is now conducting a large drug store in Angels Camp, and the daughter resides in Galesburg, this state. Her name is Mrs. Charles Cole.

Mr. Barden must have been about 72 years of age. In the year 1856 the admirers of Ex-President Fillmore, known as the "American Party," ran Mr. Fillmore for President and they were a very active and enthusiastic gang of "Patriots." They also had of the greatest political meetings and parades ever held here. It was really "a wonder."

Jas. M. Barden was then a boy, but he had a large and handsome head and face. In the procession he was properly attired and rode on a wagon, representing George Washington. He made a strong impression on on-lookers and the incident was apt to be told of when his name was mentioned, for years afterward.

AT THE END

We do our little stunt on earth, and when it's time to die, "The ice we cut has little worth—we wasted time," we sigh. When one has snow above his ears, and age has chilled his veins, he looks back on the vanished years, his spirit racked with pains. However well he may have done, it all seems trifling then; alas, if he could only run his little course again! He would not then so greatly prize the sordid silver plunk; for when a man grows old and wise, he knows that coin is junk. One kindly action of the past, if such you can recall, will soothe you greatly at the last when memory is All. If you have helped some pilgrim climb from darkness and despair, that action, in your twilight time, will ease your weight of care. The triumphs of your business day, by stealth or sharpness gained, will seem, when you are tired and gray, to leave your record stained. Ah, comrade, in the dusk of life, when you have ceased your grind, when all your strategy and strife are left for aye behind, when you await the curial's fall, the setting of the sun, how you will struggle to recall the good that you have done!

Vessels Are to Meet at Eastern End of Canal to Take Part in Opening Celebration—Secretary Daniels Announces Program.

The Rhode Island has been ordered from New Orleans to Norfolk for docking and on the completion of docking about Jan. 22nd, will proceed to Guantanamo to join the fleet.

"The battleships and the destroyers of the active flotilla (about 23) will remain in Cuban waters, carrying on drills and exercises until Feb. 15th and will then proceed to Panama, all battleships going through the canal to San Francisco."

WAR PARTS TORONTO FACULTY.

Toronto, Ont., Jan. 13.—When the Board of Governors of the University of Toronto meets tomorrow, the resignation of Professor H. Benzinger of the department of oriental languages will be acted upon. It is believed that the resignation of the eminent German professor will be accepted, and that this will end the university controversy. Mr. Bonno Tapper, another member of the faculty, resigned a short time ago, and Prof. Mueller became a British citizen by taking out naturalization papers.

The University of Toronto faculty has been seriously upset by the war, and Pres. Falconer keenly feels the loss of two of his most eminent professors.

AN ACROSTIC

Now give him hearing, him who comes
 Into our camp to sing his lays.
 Crystals of hope and tears he brings,
 Hero of thought—yea, give him praise.
 Of all he has to say in song,
 Little brother of the Nine,
 And child of fancy, foe of wrong,
 So near to Nature and to Heaven.

Vagrant bard, thrice-happy boy,
 As God's own mavis, in his joy
 Caroling by field and mere—
 How has your step been guided here?
 Eager Poet, onward pressing,
 Leave us not without some blessing.

Leave a song as forth you go
 Into the years a-sowing—Oh,
 Not so much—a word is all.
 Disciple of Keats, we crave of you,
 So that it rings of good and true,
 A "thing of beauty"—we but give
 You welcome, friend, and then adieu.

John Kearns.

CATTLE FEEDERS

Woods Improved Grain Softener

Pat. Applied for 100 bu. size.

The Woods Improved Grain Softener will add 100 per cent to the value of No. 2 corn for feeding cattle. It will add 50 per cent to feed for hogs and horses, and supplies the very feed to mix with allage for milk cows. If any one wishes these statements proven, I will furnish them a plant on six months trial, and if it proves my claims they help me sell my plants to their neighbors. If it fails I will refund all money paid to me for said plant. All plants are sold at \$8.00 per bu., cob measure, and guaranteed to do all I claim if used according to my directions.

We find by putting soda in the corn when cooking it helps make the corn more digestible enough to pay for the soda, and keeps the hogs in a healthy condition. We also make all the charcoal we need by closing the draft so it can not get air, when we have a bed of live coals.

Yours for producing more beef and pork.

WORLD'S MARKET NEWS

EXPORTERS AND MILLERS RACE FOR SUPPLIES; WHEAT ADVANCES

Setbacks Fail and Market Closes
Strong—Nearly all the Stock of
Wheat in Chicago in Said to Have
Been Disposed of.

Chicago, Jan. 13.—Unlimited and
as times excited buying was the
rule today in the wheat trade with
exporters and millers racing for
supplies. Setbacks failed to last
and the market closed strong at
13c to 2% @ 2% above last night.
Corn finished % @ % to % @ % off
last night, unchanged to % @ % off
and provisions down 7% to 2%.
It was said at the end of business
this afternoon that nearly all of
the stock of wheat in Chicago had
been disposed of and that foreign
buyers were now working most en-
ergically on the spring wheat at
Buffalo and Duluth. Inability of
Chicago dealers to purchase any
large amounts from rural holders
except at a radical advance had
much to do with the final strength
of prices here and the renewed fear
to buy.

Country millers were said to be
overbidding Chicago offers especially
in Nebraska.
At the crest of the advance today,
wheat reached to within 3c of the
topmost quotations since the begin-
ning of the war and showed a rise
of 7% since the worst of the break
during the flurry Monday about the
supposed impending overturn of
Turkish control of the Dardanelles.
Unfavorable harvest weather in
Argentina and rising vessel rates
from Buenos Aires to English ports
counted hard against the bears.

There were also advances at
hand that the scarcity of snow pro-
tection was again forming a men-
ace throughout the United States
winter crop belt.
Piling up of stocks of corn neu-
tralized in that grain the effect of
the wheat bulge. A steady influ-
ence, however, was the fact that
corn in Liverpool was selling at
nearly a dollar a bushel.

Oats were held down by heavy
selling on the part of one of the
largest houses here. On the other
hand there was an active export in-
quiry.

A HAPPY CHILD IN JUST A FEW HOURS

If Cross, Feverish, Constipated,
Give "California Syrup of Figs".
Mothers can rest easy after giving
"California Syrup of Figs", because
in a few hours all the clogged-up
waste, sour bile and fermenting food
gently moves out of the bowels, and
you have a well, playful child again.
Children simply will not take the
time from play to empty their
bowels, and they become tightly
packed, liver gets sluggish and
stomach disordered.

When cross, feverish, restless, see
if tongue is coated, then give this
delicious "fruit laxative". Children
love it, and it can not cause injury.
No difference what ails your little
one—if full of cold or a sore throat,
diarrhoea, stomachache, bad breath,
remember, a gentle "inside cleanser"
should always be the first treatment
given. Full directions for babies,
children of all ages and grown ups
are printed on each bottle.

Beware of counterfeit fig syrups.
Ask your druggist for a 50-cent bot-
tle of "California Syrup of Figs",
then look carefully and see that it
is made by the "California Fig Sy-
rup Company". We make no small,
er size. Hand back with contempt
any other fig syrup.—Advertisement.

Many Jacksonville Citizens Have
Profited by It.

It you have backache, urinary
troubles, days of dizziness, head-
aches or nervousness, strike at the
seat of the trouble. These are of-
ten the symptoms of weak kidneys
and there is grave danger in delay.
Doan's Kidney Pills are especially
prepared for kidney ailments—are
endorsed by over 30,000 people.
Your neighbors recommend this re-
medy—have proved its merit in many
tests. Jacksonville readers should
take fresh courage in the straight-
forward testimony of a Jacksonville
citizen.

J. B. Seaver, blacksmith, 346 E.
North street, Jacksonville, says: "I
have used Doan's Kidney Pills with
fine results and I am pleased to
recommend them. I had pains in
the small of my back, especially
when I tried to straighten after
stooping. I used Doan's Kidney
Pills and they stopped the pains.
They also regulated the action of
my kidneys."

WOMAN LEAPED IN FRONT OF TRAIN

MRS. CORA BEACRAFT COMMIT-
TED SUICIDE WEDNESDAY
MORNING.

Ignored Engineer's Signals and De-
liberately Placed Herself Where
Death Would Be Certain—Had
Made Previous Attempt to End
Her Life—Jury Believed Deceased
Was Deranged.

Mrs. Cora L. Hall, better known as
Mrs. Cora L. Beacraft of 536 West
Lafayette avenue, committed sui-
cide Wednesday morning by walk-
ing in front of a C. P. & St. L.
train near the Oak street crossing.
Last Sunday morning she tried to
end her life by jumping into a cistern
but cried for help and was
rescued.

Mrs. Beacraft lived with her two
small daughters and son Ralph
Looker, about twenty years old, and
the family was harmonious. She
arose in the morning and prepared
breakfast as usual and was sitting
by the stove in the front room when
her son left for his usual work at
Capps' factory at 6:50. She took a
kindly leave of him as was her cus-
tom and not long after throwing
something over her head left the
house. Her father, Levi Stewart,
residing on North Main street, had
been staying at the house since Sat-
urday night but he suspected nothing
when she went out.

The 7:40 a. m. passenger train on
the C. P. & St. L. road pulled out
with Engineer Frank M. Shields and
Fireman Nicholas Vieira, as usual.
At the car shops they stopped to
take on the railroad mail and then
started on their way. Mr. Shields
whistled for Oak street and at the
same time saw a woman perhaps a
hundred yards beyond going in the
same direction as the train and
walking just east of the track and
near to it. She turned when she
heard the whistle and kept on a lit-
tle farther away from the track but
still between the main track and
the siding east of it. As he crossed
Oak street he was coming near the
woman and sounded the alarm
whistle and again the woman turned
as she heard it but kept right on
and the engineer seeing she was
aware of the proximity of the train
kept on, but just as he drew near
her she turned, prepared for the
fatal leap, placed herself directly in
front of the engine and was run
over and dreadfully mangled.

The engineer was sanding the
track as the rails were slippery and
he at once applied the emergency
brake and brought the train which
was going about fifteen or twenty
miles an hour, to a standstill before
the last car had passed over the un-

fortunate woman's body. She was
yet breathing so she was placed in
the baggage car and taken to Passa-
vant hospital where she soon expired.
The body was removed to Rey-
nolds' undertaking rooms.

It is believed Mrs. Beacraft had
evidently been deranged for some
time. It was reported that last Fri-
day she had heard that her last hus-
band had gone insane and had been
run over by a train and she had ask-
ed one of her daughters to jump
into the cistern with her but the
child refused.

Coroner Geo. W. Wright impanel-
ed a jury consisting of J. H. Camp-
bell, foreman; Edward Fanning,
Philip Bacon; Lee Wiegand, Theo-
dore Arisman and L. P. Owen,
clerk, for an inquest. This was con-
ducted by John Reynolds as the cor-
oner was occupied at the same hour
with another inquest.

Engineer on Stand.

The following was the testimony
in brief:

Frank M. Shields, engineer, was
running the passenger north. Left
Jacksonville at 7:40 a. m. and had
stopped at the shops to get the mail
and had started again. Saw the
woman about a hundred yards away
and sounded the whistle. She look-
ed back and stepped a little farther
east. As the engine drew near the
whistle again was sounded and the
woman looked back at the train and
just as the engine was within fifteen
or twenty feet of her she deliber-
ately threw herself on the track. It
must have been premeditated for she
came down in a sort of heap and
not in the manner of one falling by
accident. We applied the brakes in-
stantly and stopped the train before
all the cars had passed over her
body. I had to move forward to
get the train off of her body which
I did and she was picked up and
placed in the baggage car and taken
to the station. The train was run-
ning fifteen or twenty miles an hour
when it happened.

James McBride, express messen-
ger, said: "I had reached out my
hand at the car shops to get the
mail and it being a pleasant morn-
ing I left the door of my car open.
As I was standing there I looked
down north along the road and saw
a man walking south and a woman
going north, same direction as the
train. They passed each other and
Mr. Shields whistled for Oak street
and the woman looked around. She
then went on northward right along
the track and again Mr. Shields
sounded the whistle. I saw the wom-
an stop and square herself as if
about to do something like throwing
herself under the cars and I stepped
back so as not to see the happen-
ing."

Nicholas Vieira, fireman on en-
gine 23, C. P. & St. L. road said:
"I was firing on the engine taking
the passenger train out at 7:40 a.
m. the 13th of January. Mr. Shields,
the engineer, whistled for Oak
street. I saw a woman walking
north on the track and thought at
that time she was rather near the

track. Shields sounded the alarm
whistle at Oak street and kept the
bell ringing. The woman looked
around and I supposed it was all
right as she had seen the train and
knew how near it was. The last I
saw of her she was about twenty
feet from the engine and I heard
Mr. Shields put on the emergency
brake and asked him what was the
matter and he said the woman had
been run over. It would have been
wholly impossible to stop the train
before the woman was struck.

Ralph Looker, testified: "I re-
side at 536 West Lafayette avenue
and am a son of Mrs. Beacraft, the
deceased. Am 20 years old and
work at Capps' factory. Live with
my mother and sisters. The last
time I saw her was this morning at
6:50. She was sitting by the stove
in the front room. I saw nothing
unusual in her manner. About six
weeks ago she had a spell of nerv-
ous prostration. Sunday morning
about five I was awakened by Po-
liceman Moore who told me my
mother had tried to drown herself
in a cistern. She was then at Mr.
Harrigan's neighbors. I have not
at any time talked with her about
getting into the cistern. It was not
covered with boards. It was not
unusual for her to sit by the stove
at 6:50 in the morning as she bids
me goodbye when I go to work and
closes the door. I have seen noth-
ing in her manner to indicate any
suicidal intentions. My grandfath-
er, Levi Stewart, lives on North
Main street and has been staying
with us the last two nights.

I do not know why she would go
down by the car shops though she
knows a lady in that vicinity but I
do not know the lady's name. Her
last husband, Mr. Beacraft, has
troubled her some with letters since
they have been separated. She has
had no doctor lately and I don't
know what doctor she had when
she was suffering with nervous pro-
stration.

The coroner's verdict was to the
effect that the deceased came to
her death by jumping in front of
a train while suffering an aberra-
tion of the mind.

Obituary.

The deceased was born near
Chanute, Kansas, October 18, 1871
and was the daughter of Levi and
Malinda Stewart. When she was
four years old the family moved to
Jacksonville and Morgan county has
been her home practically ever
since. She attended the public
schools of this place and was care-
fully reared by good parents who
did what they could to give her the
best advantages in their power. She
was first married to David Thomas
but later was separated and in that
time she was the mother of no children.
She was next married to Randolph
Looker and they were the parents
of two children, Ralph of this city
and Marie, now Mrs. Walter Wheel-
er of Sinclair.

From Mr. Looker she was separ-
ated and later was married to
James Hall of the north part of the
county. They were the parents of
two daughters, Cora and Lillian,
small. Mr. Looker was killed by

being thrown from a horse. She
was next married to Robert Beacraft
of Ashland but did not long live
with him and they were separated
in 1911 and she was permitted
to assume the name of Cora L.
Hall.

She lived at 536 West Lafayette
avenue with her son Ralph and two
daughters. She was a member of the
Christian church and kind, affec-
tionate mother to her children. She
is survived by her father, who lives
in this city, her three daughters and
one son already mentioned, also her
mother lives in Los Angeles, four
sisters, Mrs. Stella Vaughn, Mrs.
Veyta Peak and Mrs. Ival Summers,
all of Los Angeles and Mrs. Lela
Barlett of Peoria; also by three
brothers, Allen and Edward Stewart
of this city and Carl of Los Ange-
les.

The funeral will be conducted this
morning at 10:30 in Reynolds' un-
dertaking parlors in charge of Rev.
M. L. Pontius and interment will
be in Arcadia cemetery.

RECIPE FOR BAKING BEANS.

A Journal reader submits the fol-
lowing recipe which it is claimed
will make baked beans excellent.

Put one and a half quart of beans
to soak over night. Next morning
boil half an hour and throw away
the water in which they were boiled.
Put in crock with one and one
half pounds salt pork, one cup mol-
asses, 1-2 tea spoon mustard, one
tea spoon soda, a little salt, and
sugar if not sweet enough. Dissolve
soda and mustard in a pint of water,
cover the beans with more water,
keep covered with water all the time,
bake in slow oven till they are dark
brown. This will take a number of
hours.

OLD-TIME COLD CURE—DRINK TEA!

Get a small package of Hamburg
Breast Tea, or as the German
folks call it, "Hamburger Brust
Thee", at any pharmacy. Take a
tablespoonful of the tea, put a cup
of boiling water upon it, pour
through a sieve and drink a teacup
full at any time. It is the most ef-
fective way to break a cold and cure
grip, as it opens the pores, relieving
congestion. Also loosens the bowels,
thus breaking a cold at once.

It is inexpensive and entirely veg-
etable, therefore harmless.—Adver-
tisement.

**ADDITIONAL PROPERTY BOUGHT
BY SALEM EVANGELICAL CHURCH**

Acquires Cherry Property Which Gives Organization Entire Block—New School Instructor Coming.

Through a deal recently consummated, the trustees of the Salem Lutheran church have purchased on behalf of the church the Cherry property adjoining the church property on the east; the consideration being \$4125.00. This addition to the church holdings gives them an entire block on College and East streets, one hundred and eighty feet square, a total of three full lots. The new property includes two, two-story dwellings. It was through John Vasconcellos that the additional property was purchased and the trustees feel that the owners gave them a good figure on the lots and houses. The property was paid for in cash.

The church people bought the land with the purpose some day of erecting a new church building, but this will not be done until the money is in sight. The present structure has served the good people of that denomination for a number of years and they are content still to worship there until they can secure funds sufficient to build a modern church edifice.

Since school opened last fall Rev. J. G. Kuppler, the pastor has had charge of the parochial school work. Herman Sonntag, a new teacher has been secured and he expects to arrive in Jacksonville next Saturday from Chicago. He will be installed as a teacher of the school Sunday and will take up his work Monday. His family, which consists of a wife and two children are detained in Germany. They will occupy one of the houses recently purchased.

Mr. Sonntag is a graduate of the Concordia Teachers' Training school at River Forest, Ill., and for the past five years has been ateacher at Porto Allegre, Brazil. He will come to the new position bringing with him the highest recommendations.

**VETERINARIAN'S SOON TO BEGIN
CANVASS OF CATTLE WITHIN CITY**

Survey of Country Surrounding Progressing With No New Cases of Hoof and Mouth Disease—Ban on Stray Dogs and Crows.

Hoof and mouth disease seemed well in hand Wednesday with no new cases at the close of another day's inspection and the last infected cattle killed and disposed of. Two weeks may be necessary for the completion of the canvass of the country surrounding Jacksonville and the veterinarians hope within two or three days to begin the inspection of all cattle within the city limits.

The work of slaughtering the sixty-one cattle on the J. M. Starr dairy farm was begun Wednesday forenoon at 11 o'clock and by evening animals were arranged in the trench and covered with lime. Several days will be consumed with the work of the disinfecting crew and Mr. Starr will be out of quarantine by the last of the week. Drs. Thompson and Corbett had the killing in charge.

In connection with the measures taken to prevent the spread of the foot and mouth disease, Dr. Clancy has called attention to the fact that in a number of communities that the farmers have organized themselves in to clubs for the killing especially of crows and pigeons. The plan has been to arrange for companies of men to go out after nightfall for extermination of crows, and the pigeon shooting is done in the earlier hours. In a number of cases the spreading of the disease has been definitely traced to birds of this class. It is known, too, that cholera is often spread by pigeons flying from one feed lot to another, and it is possible that it may be found necessary for the protection of live stock later on for farmers to discourage the raising of all pigeons. The special regulations which become effective in a case of quarantine for the foot and mouth disease also provide for the killing of dogs, but a general warfare waged upon canines would be apt to engage the farmers in trouble with their neighbors.

NORTHMINSTER REVIVAL SERVICES CONTINUE TO BE WELL ATTENDED

Song Concerts and Strong Discourses by the Pastor Keep up Strong Interest.

The usual song service led by Prof. Beckman preceded the sermon last night at Northminster. Solos by Mr. Bracwell and Mr. Lurton and by Prof. Beckman were given.

The text of Rev. W. E. Spoons' Wednesday evening sermon was, "Knocking at the Door." This text was taken from Revelation 3:20.

"The heart of man is the residence. You are the door-keeper and the housekeeper of your own heart. Both Christ and the devil are knocking at the door of your heart. You alone have the power to let either in. What you are, you are from choice not from force. Christ enters the soul only when he is invited. He is knocking tonight at your heart by His holy words, by His holy spirit, by His providence. The sound of the knock indicates that the one that knocks loves the one within. The one knocking has an important message. The knocking indicates that the one within is in danger. You are telling the one knocking at the door, 'I am eating and drinking and having a good time.' You are saying, 'I have a game of cards.' You are saying, 'I am busy at my office.' You refuse to let Him in. You do it from choice and not from force."

INQUEST HELD ON BODY OF ROBERT STACY

Death of Young Man Who Met Death From Injury While at Work on Drainage Ditch is Investigated.

An inquest was held Wednesday morning at the court house to inquire into the death of Robert Stacy who died at Passavant hospital Tuesday noon.

The verdict as reached by the coroner's jury composed of R. R. Stevenson, foreman, T. T. Stout, Frank Bahan, D. T. Summers, James L. McDonald and J. W. Priest, was as follows:

"We find that Robert Stacy came to his death by choking caused from paralysis as result of an injury to the spinal cord in the region of the sixth cervical vertebra. We further find that the injury was caused by said Robert Stacy being struck by a limb of a tree as it was falling while he was engaged in clearing a way for the dredge boat that was excavating the drainage ditch on the Mauvaisterre Drainage district. We further find that the injury was received by Robert Stacy about one o'clock Saturday afternoon, Jan. 9, 1915, on the farm of John Noonan, northwest of the city of Jacksonville in Morgan county and that his death occurred on Tuesday, Jan. 12 at about 12:10 o'clock in the afternoon at Passavant hospital in the city of Jacksonville. We further find that the injury was accidental and unavoidable."

Those examined by the jury were Anderson Stacy, father of the unfortunate young man, Dr. W. P. Duncan of this city, and L. L. Chapman, of Columbia City, Ind., a drainage contractor who has charge of the work of excavating of the Mauvaisterre drainage district and whose employee the deceased was engaged.

Five Cases of Contagion Are Quarantined in Town Proper While Three Other Cases Are Quarantined in Territory Nearby.

There were eight cases of small pox reported to County Physician T. O. Hardesty Wednesday by physicians in Waverly. Three of these cases are in the country near Waverly and five cases are reported in the town itself.

All of the cases have been quarantined, some for the past ten days. In fact Mr. and Mrs. Edward Barwick, the first of the Waverly people to be quarantined for the disease are entirely recovered and have been released from quarantine. It is said that nearly all of the cases so far discovered have been of a light form. No deaths have resulted from the contagion so far as is known.

Guy Moulton of Dayton, Ohio, who travels for the National Cash Register company, came to Waverly recently to visit at the home of his grandfather, contracted the disease and is at present quarantined on his grandfather's farm.

Edward File's home is still under quarantine as are several others in the town. However, if no new cases are discovered, it is said, that the quarantine will be lifted on practically all of the present cases. It is also reported that several school girls attending one of the country schools in the Waverly district have taken the disease in a light form and are quarantined.

Deaf Mutes Are Vaccinated.

Superintendent Gillett of the Illinois School for the Deaf yesterday issued orders to the pupils of the school that they must all submit to vaccination for smallpox. The work of vaccinating will be begun at once.
